Fellow Players Found Much Difficulty in Forcing Him Into the Temple Cup Series With

New York.

Raitimore, Md., Aug. 6. Baseball will never be entirely clean as long as Mc-Graw and Brush stay in it. Their refusal to play a post-season game with the American League champions is not at all policy in all things. Nor is McGraw's attack on Ban Johnson surprising. Here is a man whose work in selling out the Baltimore club would forever have

blacklisted him or any other man except

Fans often wondered at McGraw's apparent fearlessness lest the National League blacklist him for his connection with the "Association" of the winter of 1900. He went about boldly talking of opposition to the National, apparently without the less fear of punishment.

Anyhow, when the "Association" balloon exploded. McGraw came home laughing. seiling it out.

However that may be, he sold out the American League, or tried to. He wanted to min the American League to revenge himself on Johnson, and it was through no lack of effort on his part that he did not ruin his partners in the league—men like Comisky and Connie Mack and Jimmie Collins, who have taken him in and trusted him. When he sold out to Brush in 1992 the excuse was made by Kelley and others in the sell-out that the club was losing money and that they could not alford any more losses.

OUARRELEED WITH JOHNSON.

The season was not a fortnight old before McGraw had picked a quarrel with Ban Johnson, and, although Ban dld all he could to harmonize all parties. McGraw was implacable. It was only a short time after that time that McGraw was busily engaged Jomenting trouble between Johnson and the Detroit owners, and fixing his little scheme to sell out to Brush and take Detroit and Washington with him out of the American League.

Jimmle Manning's honesty and decency and Johnson's skill scotched that snake. Han had the facts as to McGraw's treachery and intended laying his proofs before the annual meeting of the league, but McGraw do not attend and Joe Kelley represented Baltimore. Whether Joe made any promises for Baltimore is not known, but it is known that McGraw made such a farce of having the leam do any training at Savannah, was so utterly careless and indifferent, that it caused an open rupture which was hever healed.

indifferent, that it caused an open rupture with his partner, Robble, a rupture which was never healed.

It seems plain that at that time he had planned the whole sell-out and only waited for a time when he thought it would do the most harm to the American League.

Perhaps the meanest part of the whole business was McGraw's treatment of Sidney Frank and his friends, who had backed McGrav for all the money he needed, and had put up practically every deliar that was spent in securing and equipping the new ball park. They had spent all the money and were the only ones who got nothing in return. Johnson's treatment of them was shabby, too, but; of course, not to be compared to McGraw's supreme gall in talking about

According to Jack Johnson, the heavy weight putillst, who is now in the city seeking matches with any man of his seeking matches with any man of his seeking matches with any man of his class, and with his own color preferred. Johnny Regan should surely have received the verdict over Frankle Neil when they fought In Lose Angeles a year ago.

I fought Sam MeVey in Lose Angeles in the large of the four think in my opinion. Johnne put it all over Frankle Neil. I am a friend of Jim Neil, the boy's father, at that, but I don't mind saying that Johnnie outfought him all the way through.

To'n't think the average follower of the game realizes just what Johnny can do. He fen't a knocker-out, I admit. But he can go up against any man with a wallop and be there at the finish as strong as ever. Who ever knocked Regan out I don't believe he was ever even also to the finish and my man with a wallop and be there at the finish as strong as ever. Who ever knocked Regan out I don't believe he was ever even also to the same and a record on being the finish is a hard puncher, so far as he has yet shown, but the mere fact that he slays with his opponents in spite to rim around the ring faster than any min size. Johnny stays up and fichts them. He isn't a knock when making leads.

To'n't Johnny end reach Neil on another match in a region where the fact that he say with his opponents in spite to fits seems to me to show that he is a cinch for Regan. I CUREME

BEST REFERENCE IS.

DR. KING'S ANNOUNCEMENT: I am not an old-time doctor claiming to have been a specialist for a quarter or half a century, and hence with methods mecessarily antiquated, obsolete and out of date; but, on the other hand, my methods and practices are decidedly those of the present day—adding the benefits and experiences of the past to the superior knowledge and perfected methods of the present. They are the latest discovered, whose efficacy has been proven, and my experience in this class of diseases—those peculiar to men—for the pest fifteen years, with my financial standing, the permanency of my location and the indorsement of the thousands whom I have cured and brought back to health and happoness, make me the only specialist to-day with sufficient confidence and foith in his treatment to offer to the afficted a Guarantee of NOT A DOLLAR NEED BE PAID UNTIL CURED.

SCIENTIFIC TREATMENT.

Proficiency in the art of cure is the product of advanced science applied by skilled brains and experience.

Without this skill it is rusiness to attempt the cure of the organic diseases of the mile pelvic organs, since no specialty in the whole range of practice demands more importatively the possession of curative capacity.

I claim and prove daily that my special scientific, bloodless, painless and safe procedures, which I evolved from modern science, surpass all other known methods for the cure of Varicocele, Hydrocele, Rupture and other diseases of the male pelvic region. They render resort to the knife and radical hospital measures absolutely nuncessary, and, without a doubt, give the most speedy and satisfactory results without subjecting patients to needless suffering or jeopardizing their lives in any manner whatsoever.

VARICOCELE.

Varicoccle impairs and destroys the elements of vitality.

Surgery seldom cures it but always weakens. I daily demonstrate that Varicoccle can be positively cured without cutting, burning, tying or any other form of operation.

Instead of the vital parts being maimed and mutilated, they are preserved and strengthened, pain ceases entirely and almost instantly swelling subsides, healthy circulation is rapidly re-established and every part of the organism affected is thoroughly restored.

HYDROCELE.

My treatment for Hydrocele and its associated conditions is original with me, and obtainable exclusively and only at my own hands. You are no doubt familiar with some of the tedious, painful and surgical methods of old-time treatment. I have investigated all of them. To do my important work I have spent thousands of dollars with a special view of knowing all that is to be known about Hydrocele. known about Hydrocele I cure Hydrocele and its complications WITHOUT PAIN, WITHOUT KNIFE, WITHOUT DETENTION FROM BUSINESS; CURING TO STAY CURED.

RUPTURE.

Disregard of existing rupture has cost many human lives. Strangulation of the bowel and old-lime methods of operating with the knife have contributed to this fatality. My methods obviate this and cure with absolute certainty and safety, and entail no suffering. The smallest hernias are the most fangerous to life, because of the increased liability to strangulation.

PILES, FISTULA

AND OTHER RECTAL DISEASES are among the most distressing allments with which human beings are afflicted. They usually attract but little attention in their earlier stages, but if neglected and allowed to run their natural course they rapidly undermine the physical and nervous systems and make wrecks of their victims. I cure these diseases without the knife, ligature, salves, burning pastes or acid injections.

STRICTURE.

Of all the diseases peculiar to the masculine sex none requires more skill-ful, pain-taking and conscientious treatment than Stricture.

I have discovered and developed a system of my own which gives all the benefits of surgery without the pain and peril that surgery favolves; a blood-less, painless system of curing Stricture, which does not disturb the sound mu-rous membrane, but acts only upon the affected parts.

It attacks and thoroughly dissolves almormal growth, dislodging every par-ticle of diseased, hardened or scarred tissue, which comes away in strips of shredlike fiber.

shredlike fiber.
All discharges are stopped and all irritation along the walls of the Urethra
and in the region of the Prostate Giand. Bladder and Kidneys is allayed.
Every obstruction and inflammatory condition is removed and the canal left
in a state of perfect health and as free and open as when Nature formed it.

SPECIFIC BLOOD POISON.

Prompt and herole treatment is the only kind that should ever be used in combating this loathsome disease.

Only temporary relief can come from hot spring baths, specifies, mercury, potash or other mineral mixtures and poisons.

I have originated and perfected a cure for Blood Poison that is absolutely safe, rapid and permanent, and leaves no injurious effects.

Every external symptom soon disappears, while the blood, the tissues, the nerve fibers, the bone and the whole system are cleansed, strengthened and restored to perfect health and purity.

SPINAL—When the Spinal centers are involved and motor power is diffinished.

VITAL—When the Great Sympathetic Nerve System is affected and the forces that govern the organs of life are reduced by the baneful reflex effects of diseases incident to the organs of the pelvis.

No one affilted with Nerve-Vital Debility in any of its forms should despair after failure to obtain satisfactory results from inferior treatment. My methods tid you of the main malady which underlies nervous diseases and disturbance, and I am able to restore to you envisible health and the strength of mature manhood. Every case is a personal study with me, and I invariably modify my treatment to answer to the requirements in individual cases.

I cure all weakness induced by specific nervous complaints and put you on the right track to complete recovery or restore the conditions essential to your future life and happiness.

KIDNEY, BLADDER AND PROSTATIC DISEASES. I cure all irritation, page, pain in back, brickdust sediment, scanty flow and catarrhal condition.

PRIVATE DISEASES. Newly contracted and chronic cases cured.
All burning and itching inflammation and unnatural waknesses stopped in 24 hours; cures effected in 7 days. MEDICAL ADVICE FREE.

MY SUARANTEE TO CURE IS: "Not a Dollar Need Be Paid Until Cured."

I especially invite all DISCOURAGED and DISSATISFIED sufferers who have been treated without receiving a cure to call on me. It will cost you nothing to consult me and have an examination of your case made, and I shall be glad to tell you frankly what is your condition. To the sick and afflicted I hold out no false promises. If your case is curable I gladly tell you so; if not, I will not accept the case for treatment, as I do not accept incurable cases for treatment under any circumstances.

CORRESPONDENCE.

If you cannot call on me in person write me a full history of your case and I will by return mail give you my opinion, mailed to you securely sealed in plain envelope, and one of my latest books, entitled "Man's Main Maladies Mastered."
